# Banking & Financial Inclusion <<<<

Boosting wealth through Financial Inclusion

Emerging as a new paradigm for economic growth, Financial Inclusion has an unambiguous impact on the advances of society and the development of the economy. The blend of innovation & technology in financial sector and the commitment to Financial Inclusion is a unique opportunity to reach the last-mile consumers with high-quality financial products & services. The scope of Financial Inclusion is to accomplish inclusive growth by extending financial services to the large hitherto population. In an attempt to unlock the growth potential of the nation, Financial Inclusion edged with digitization helps to serve the unmet financial needs of the unprivileged section of the society.

In order to spearhead efforts towards Financial Inclusion, Alankit is dedicated to harnessing the potential of digitization by enabling a unified rostrum of swift & secure financial services ranging from Kiosk Banking to Aadhaar services. The advent of banking and Financial Inclusion in the Alankit portfolio is seen as a promising avenue in alleviating the access of a comprehensive suite of financial services to the unbanked and underserved population.

The global advancement in technology, along with a swift revolution in the digital payment system creates opportunities for underprivileged people and help the bank's s business growth and Financial Inclusion of the nation. As a business correspondent, Alankit made a foray into the much needed Financial Inclusion regime with India's leading banks, Industrial Development Bank of India, State Bank of India, and Bank of Baroda. Alankit helps banks to expand their outreach to the underserved population at a substantially lower cost. The company delivers mainstream financial services by enrolling the customers and enabling their transactions at Customer Service Points (CSPs) using remote- biometric-enabled Technology for Kiosk Banking.

### Business Correspondent (BC)

500+ Customer Service points (CSPs)

## e-Governance – Indirect/ Direct Tax <<<<

The technologies touch on every step of the end-to-end business process. As digital technology is embraced across the economy, the need for online governance services seems inevitable in the future. Also, Taxation is an important aspect of doing business in today's globalised world and Alankit offers professional taxation services across all tax disciplines in the changing tax regulatory and increasing tax compliances. As a leading player in the e-governance sector, the Company provides state-of-the-art and utmost feasible solutions to individuals and other entities.

With incessant endeavors to reach out to the masses with a high level of credibility and accountability established in services, Alankit has marked an innate presence in the market. It is successfully moving forward on the path of implementing a new paradigm of e-Governance and extrapolating the best practices. The company believes that quality & excellence are the buzzwords today and ensures that these are delivered consistently. It has enhanced its proven track record in the e-Governance sector through the successful completion of several pioneering & laudable projects.

## GST Suvidha Provider (GSP) by GSTN

500+ GST Suvidha Kendra

ITR Services to 200+ Corporate

As a premier integrated service provider, Alankit is known for its innovative solutions in the GST sector based on a robust countrywide network. It offers superior GST services for Application Service Provider (ASPs) such as managing the high availability of the API gateway, GSTN failure handling, enriched APIs and callbacks with the Platinum gateway, GST Registrations, and consultancy services. To ensure ease of doing business and transparency, Alankit has been working relentlessly for the smooth implementation of the GST regime across all business genres throughout India. With the aim of spreading awareness and getting business entities on-board with GST for increased compliance, the company launched its three GST solutions through mobile and web-based interfaces listed below:

### **GST Muneemji Software:**

Secure and Integrated cloud-based compliance software, GST Muneemji is an advanced technology solution adept at performing a host of functions like return filing, invoice management, user management, reconciliation, dashboard & reporting, etc.

### **E-Raahi:**

A cost-effective mobile and web application, e-Raahi is GST Billing Software designed with the purpose of creating e-way bills and tax invoices. E-Raahi executes important functions such as GST Filing, easy scanning of QR code from the mobile, accurate calculation of taxes. It simplifies the business process and ensures smooth business operations for its clients.

### **Saarthi:**

A Tablet-based Point of Sale (PoS) device, Saarthi is used by small scale businesses for GST compliance as GST compliant billings and return filings; and their business accounting.

The profound technological advancement for the continuing wave of innovation is emerging in every sphere of life. The landscape of digital world in the e-Governance sector has made an easy provision of tax management, PAN/TAN related issues and many more.

Alankit, with its PAN India presence, is in an enviable position to offer the following services:

- ▶ Acceptance of Fresh PAN Application (Form 49A)
- ▶ Acceptance of change in PAN particulars application (Form 49B)
- ▶ Acceptance of e-TDS/e-TCS/AIR/e-TBAF returns in electronic mode from Corporate and Non-Corporate Assesses
